Chicken Coop Cleaning Checklist

Chicken Coop Cleaning Checklist

Ensure your chicken coop stays clean, healthy, and safe for your flock with this simple checklist.

Regular cleaning helps prevent disease, reduces odor, and keeps your chickens happy.

Daily Tasks

- Remove any visible droppings from perches and nesting boxes.
- Replace soiled bedding with fresh material.
- Check and refill food and water as needed.
- Wash any soiled dishes.
- Collect eggs.

Weekly Tasks

- Remove all bedding and replace with fresh material.
- Clean and disinfect waterers and feeders.
- Check for signs of pests like mites or rodents.
- Inspect the coop structure for any damage.

Monthly Tasks

- Deep clean the entire coop, including walls, perches, and nesting boxes.
- Use a non-toxic disinfectant to sanitize surfaces.
- Check for and address any drafts or leaks.
- Add fresh sand or gravel to the run area if needed.

Chicken Coop Cleaning Checklist

Seasonal Tasks

- Inspect and replace bedding insulation for winter.
- Adjust ventilation to prevent moisture buildup in cold months.
- Deep clean and repaint any wooden surfaces annually.
- Check the roof and walls for weatherproofing issues.

Quick Tips

- Use diatomaceous earth in bedding to help prevent mites.
- Sprinkle garden lime in the coop to neutralize odors.
- Always wear gloves and a mask when cleaning to avoid inhaling dust.
- Provide a dust bath area for chickens to help them stay clean naturally.
